

Meet YOUR TEACHER

MR. KAPOLNEK

Middle School Homeroom

Middle School is where it's at and I'm glad that you are here! This year we have many exciting things planned for you. From class trips, to athletics, to electives/specials, and plenty of time to grow, serve, and share Christ with each other. I hope you are as ready as I am!

My name is Luke Kapolnek and this is my second year at St. Philip. I have a BA in Psychology from the University of Dayton and was blessed to spend a year teaching in Sarasit Phithayalai (Thailand) before coming home to the Chicago area. While my parents, and their newly adopted cat, Purrito, live in Park Ridge, I have a large extended family all over Chicagoland...except for my older brother, who lives in Michigan. Science is my jam and this year my students can look forward to a restocked & reorganized science lab and all the awesome learning I have in store for you! Here's something you may not know about me...I'm a certified scuba diver! Let's dive into this new school year!!
